

Subject:	<b>SBT.AERIAL SURVEY</b>
Date:	9 JANUARY 2014

We were back in the air today and surveyed 5 lines (except the inshore 30-40 miles of lines 8 and 12 as it was too windy):

Line 8 131° 38.10'  
Line 9 132° 05.58'  
Line 10 132° 33.12'  
Line 12 133° 28.14'  
Line 13 133° 55.62'

Two patches of SBT were found on line 13:

Location	Tonnes	Fish size
S33 40.424 E134 01.001	70 t	15-30 kg
S33 40.111 E133 59.273	20 t	15-18 kg

The weather was sunny with mostly 5-7 knots of wind, 19-20C air temperatures, moderate haze and variable water colour.
